ECS Updates and Industry News

Coming Soon: New Financial Enhancements and Capabilities

As promised in our Fall Newsletter, new enhancements in our GL, AP, and AR systems have been implemented - and more are on the way!

Accounts Receivable

Whether producing UB04 or 1500 forms, electronic or paper, the systems gather necessary information from both the clinical and financial system. Based on the documentation entered by both clinical and financial staff, the system brings both sides together to eliminate duplicate entry, which saves time and prevents billing errors.

General Ledger

Our new General Ledger (GL) system is nearing completion and will feature easy drill down from any report, multi-organization, composite reporting, annual budgeting, flexible and user-controlled reporting, importing and exporting to Excel, Bank Reconciliation, and Payroll import capabilities.

After years of having a powerful and flexible clinical system, we will soon be able to claim a powerful, flexible, and totally integrated two-sided system: our clinical side AND a completefinancial side. Looking for total integration throughout a totally computerized operation? It is right around the corner from American Data

Accounts Payable

The new Accounts Payable capabilities makes doing payables a breeze with the ability to link expense accounts and descriptions to vendors, the ability to send ACH transactions*, custom reporting options which include your checks, outstanding payables reports, 1099 forms, and more. If it were not for the fact that the activity reduces your cash in the bank, the process would be "fun" to do.

*With date paid tracking

During the roll out of these new releases, we will be offering a 10% discount off prices to new customers of AR, AP, and GL. Demonstrations of AR are available immediately and AP/GL demos begin July 1st, 2021. For more information on how our AR, GL, and AP systems can benefit your facility, email financial@american-data.com.

ECS Tip of the Month

Each month staff at American Data share lesser-known features of ECS to help the charting and billing process go smoothly.

Summer Storms are Coming!

Extreme heat, floods, lightning, and other events can damage servers. You can keep your facility running smoothly, even when the unexpected happens, by double-checking your ECS backup files are setup and running correctly.

American Data's ECS10 Cloud Hosting Solution makes protecting your database from possible catastrophes like these one less thing to worry about. Our ECS10 Cloud Hosting is simpler to manage while still offering the convenience of accessing ECS remotely. You will never lose your data, or control of your data, or mixed in with other multi-tenant databases with our ECS10 Cloud solution. Learn more about our ECS Hosting or click the link below to contact us.

You & Your Residents

Many of your residents may have have been touched by cancer's effects sometime in their life or may have experienced it themselves - and their strength is something to celebrate!

June 6th is recognized as National Cancer Survivors Day to celebrate the courageous fight. Click Here for ways to celebrate National Cancer Survivors Day with your residents.

Deficiency-Free Survey Awards

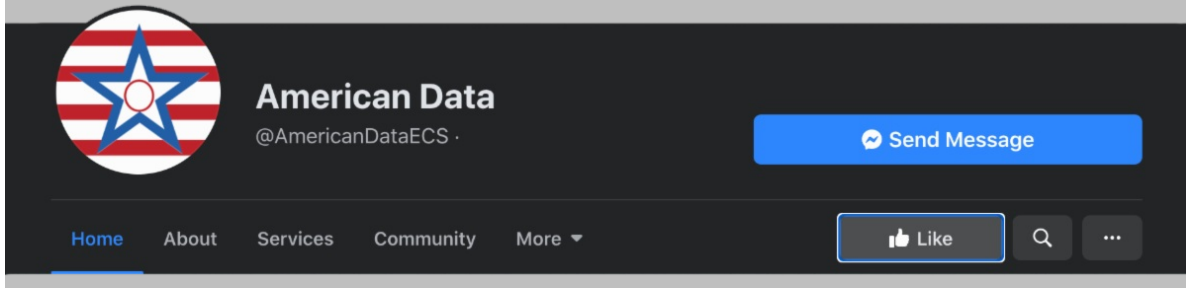

Share Your Success with American Data!

Many ECS Facilities receive perfect surveys. Did your facility? Let us know!
Please let us know of your facility's Deficiency-Free Survey and/or Most Improved Survey so we can share your successes! Send an email to **cares@american-data.com.**
