WI Medicaid OBRA PDPM Analyzer Access Buttons

In the 10.1.4.0 update and the 9.1.4 update, American Data included the ability to calculate the OBRA PDPM HIPPS Codes. Along with this MDS programming, we created the OBRA PDPM Analyzer tool. This tool can be used to report OBRA PDPM HIPPS Codes, associated days and rates. Access buttons were included in the OBRA PDPM HIPPS Code topic and should be copied/pasted to access screens.

Financial Access Screens that should have the OBRA PDPM Analyzer

- Main Financial Access Screen
- Medicaid Billing Screen
- Medicaid MCO Billing Screen
- Hospice Medicaid Billing Screen

Clinical Access Screens that should have the OBRA PDPM Analyzer

- MDS Coordinator Access Screen
