- 4. Navigate to the **Topic** button > select the **Physician Orders tab** > double click into the **Medications topic**.
- 5. Locate the Drugs word within this topic (for some facilities this may be in the first column where as others it may be in column BV). Double click onto the Drugs word to expand the list so that all categories display.
- 6. Locate the category interested in viewing (e.g., diuretics or beta blockers). Highlight the category and click OK.
- 7. You will be brought back to the View Screen. Click Go.
- 8. After clicking onto Go, you will be presented with your specific medication list. You can see the number of residents on that medication. If you would like to print this list, navigate to **More...** and then click onto **Print**.
