WHAT'S NEW

10.1.7.1

More features in the latest update!

In last month's webinar, we discussed [What's New in the ECS 10.1.7.0 update](#). We forgot to mention a new feature found in the latest ECS update!

If you import Therapy treatments for billing purposes, there is an enhancement in 10.1.7.1 to make this process more efficient. To learn more about this feature, [download the handout](#) below.

New & Notable Clinical Features

Fall Prevention Tool

We have updated our fall prevention tool to the 2020 version of the Briggs Fall Risk Assessment. The changes are available from the clinical support department and require 30 minutes of billable setup time.

COVID-19 Staff Matrix

CMS has added staff vaccination data to the updated survey entrance checklist. ECS has created a Human Resources topic and accompanying report to make providing this matrix even easier. Check out the link below to see when this goes into effect in your state. [Effective Dates by State per CMS](#)

INTERACT® Version 4.5

INTERACT® has updated their content to version 4.5 to accommodate COVID and other items. ECS has created up-to-date forms and topics to ensure that your facility has the most up-to-date INTERACT® tools available.

Each of these updates has an average cost of 1 hour of setup time at \$100 per hour. For more information and an estimate specific to your facility, please contact clinical@american-data.com. You can also check out the User Forum on our website for more information.

NEW Moderna Booster Approved 3/29/2022

American Data is aware a Moderna Booster was approved for administration effective **03/29/2022**. If your facility plans to administer the Moderna Booster, please reach out to us at clinical@american-data.com so we can update your immunization topic. The setups will not be billable as long as your facility has had American Data staff build the original COVID-19 immunization words. If your facility has not yet had us set up the COVID-19 Immunization words, please reach out to us to get this completed.

ECS Tip of the Month

As COVID is slowing down, Surveys are picking up!

Save yourself some last-minute anxiety and run your 672 and 802 survey reports every couple of weeks to keep them up to date. Update them weekly when your survey window is open. Address setup issues and how-to questions ahead of time to reduce the stress level when the survey team walks into the building.
