ECS Updates and Industry News

Accounts Receivable Support

Is your Business Office in need of training? Maybe you have new staff who haven't been trained by American Data, or staff who could use a refresher on all the latest best practices. Are you experiencing staffing issues in your Business Office? Have someone out on temporary leave or just need assistance implementing a more efficient Business Office?

Contact American Data's [Financial Support Department](#)! We can provide on-site or remote training, and consultations, as well as manage certain tasks for your Business Office like the Trust Account, Self-Pay billing, posting cash, etc.

Contact American Data's Financial Department for assistance by emailing financial@american-data.com

New & Notable Clinical Features

High-Risk Medication Monitoring

Monitoring for medication side effects is an important part of achieving positive clinical outcomes. We have created a new High-Risk Medication Monitoring topic that will allow you to monitor the side effects for anticoagulants and other high-risk medications right on your MAR. To maintain consistency for users, you can do this in the same way that you currently monitor psychotropic medications.

Personal Oxygen Assessment

We have added a Personal Oxygen Assessment that can be utilized to determine a resident's needs prior to discharge or for resident's living in an AL/IL community. The list of questions included on this assessment may be found [here](#).

Fall Prevention Tool

We have updated our fall prevention tool to the 2020 version of the Briggs Fall Risk Assessment. The changes are available from the clinical support department and require 30 minutes of billable setup time.

Each of these updates has an average cost of 1 hour of setup time at \$100 per hour. For more information and an estimate specific to your facility, please contact clinical@american-data.com.

Visit the [ECS User Forum](#) on our Client Sign On page to view past and upcoming Clinical features.

**MODERNA
BOOSTER**

NEW Moderna Booster Approved 3/29/2022

American Data is aware a Moderna Booster was approved for administration effective **03/29/2022**. If your facility plans to administer the Moderna Booster, please reach out to us at clinical@american-data.com so we can update your immunization topic. The setups will not be billable as long as your facility has had American Data staff build the original COVID-19 immunization words. If your facility has not yet had us set up the COVID-19 Immunization words, please reach out to us to get this completed.

ECS User Forum Discussion Threads:

Current Issues & Solutions

If you have ever wondered, "Is American Data aware?" when running into an issue with the latest version of ECS, now you can confirm for yourself! Join our new "Current Issues & Solutions" discussion thread on our ECS User Forum. Follow the Smartsheet in the comments to view the real-time progress of known issues in ECS, discover temporary solutions, and be aware of estimated repair dates. Stay as informed about these issues as our own staff!

What's New & Upcoming

If you are ever curious about upcoming enhancements in the next update, you can now be one of the first to know! Join our new "What's New and Upcoming in ECS?" discussion thread on our ECS User Forum. Follow the Smartsheet in the comments to view a list of enhancements ready to roll out in spring of 2022 with version 10.1.7.0. Additionally, you can find a link to our ECS Wish List. We want to hear your software suggestions!

How do I find the discussion threads?

1. Log into the [Client Sign On](#).
2. Locate the *ECS User Forum* under the *User* tab.
3. Click on *Sign In with American Data User* in the right-hand corner

ECS Tip of the Month

Discontinue Entries

When a button has the auto-dc property, the user gets a prompt to confirm WHAT entries to discontinue, but did you know that you can also choose WHERE to discontinue entries from? For example, if you choose to "discontinue physician orders" from the status screen while discharging a resident, you will see a "house" symbol near the top of the pop-up box. Clicking this will allow you to choose the site and service where you want to make changes. This way, if a resident is leaving the SNF to go to the AL, the user can discontinue only the SNF orders, and any orders that the AL has already begun to enter would still remain in place.
