# Accounts Receivable Support

Is your Business Office in need of training? Maybe you have new staff who haven't been trained by American Data, or staff who could use a refresher on all the latest best practices. Are you experiencing staffing issues in your Business Office? Have someone out on temporary leave or just need assistance implementing a more efficient Business Office?

Contact American Data's **Financial Support Department!** We can provide on-site or remote training, and consultations, as well as manage certain tasks for your Business Office like the Trust Account, Self-Pay billing, posting cash, etc.

Contact American Data's Financial Department for assistance by emailing [financial@american-data.com](mailto:financial@american-data.com)

## New & Notable Clinical Features

### High-Risk Medication Monitoring

Monitoring for medication side effects is an important part of achieving positive clinical outcomes. We have created a new High-Risk Medication Monitoring topic that will allow you to monitor the side effects for anticoagulants and other high-risk medications right on your MAR. To maintain consistency for users, you can do this in the same way that you currently monitor psychotropic medications.

### Personal Oxygen Assessment

We have added a Personal Oxygen Assessment that can be utilized to determine a resident's needs prior to discharge or for residents living in an AL/IL community. The list of questions included on this assessment may be found [here](#).

### Fall Prevention Tool

We have updated our fall prevention tool to the 2020 version of the Briggs Fall Risk Assessment. The changes are available from the clinical support department and require 30 minutes of billable setup time.

Each of these updates has an average cost of 1 hour of setup time at \$100 per hour. For more information and an estimate specific to your facility, please contact [clinical@american-data.com](mailto:clinical@american-data.com).

Visit the [ECS User Forum](#) on our Client Sign On page to view past and upcoming Clinical features.

## MODERNA BOOSTER

### NEW Moderna Booster Approved 3/29/2022

American Data is aware a Moderna Booster was approved for administration effective **03/29/2022**. If your facility plans to administer the Moderna Booster, please reach out to us at [clinical@american-data.com](mailto:clinical@american-data.com) so we can update your immunization topic. The setups will not be billable as long as your facility has had American Data staff build the original COVID-19 immunization words. If your facility has not yet had us set up the COVID-19 Immunization words, please reach out to us to get this completed.
